METODICKÉ VYSVETLIVKY

Štatistika ubytovacích služieb sleduje údaje o kapacitách a výkonoch ubytovacích zariadení cestovného ruchu.

Ubytovacie zariadenie v cestovnom ruchu je zariadenie, ktoré pravidelne (alebo príležitostne) poskytuje prechodné ubytovanie návštevníkom. Za ubytovacie zariadenie v chatových osadách a kempoch sa nepovažujú jednotlivé chaty, zruby alebo stany prevádzkovateľa, ale iba chatové osady a kempy ako celky.

Návštevníkom v ubytovacom zariadení je osoba (okrem personálu a majiteľa), ktorá využije služby ubytovacieho zariadenia na prechodné ubytovanie bez ohľadu na krajinu trvalého pobytu vr. detí. Návštevníci sa sledujú a vykazujú podľa krajiny trvalého pobytu ako domáci a zahraniční návštevníci.

Návštevník využíva ubytovacie služby z dôvodu dovolenky, zájazdu, služobnej cesty, účasti na športovom podujatí, školení a kurzoch, sympóziu, pobytu v kúpeľoch, návštevy priateľov a príbuzných, účasti na cirkevných udalostiach a pod. Patrí sem tiež ubytovanie detí v škole v prírode, v letných a zimných táboroch. Medzi návštevníkov v ubytovacom zariadení nepatria domáci a zahraniční pracujúci zamestnaní na Slovensku, ktorí používajú dočasne zariadenie ako ubytovňu. Doba prechodného ubytovania nesmie byť dlhšia ako 1 rok. V podnikových rekreačných zariadeniach sa do počtu návštevníkov zaradi každá osoba (okrem personálu zariadenia), ktorá použila ubytovacie služby z vyššie uvedených dôvodov, t. j. vlastní zamestnanci podniku, ich rodinní príslušníci a osoby cudzie vo vzťahu k podniku bez ohľadu na spôsob úhrady ubytovania.

Pri vykazovaní návštevníkov ubytovaných v ubytovacích zariadeniach ku koncu mesiaca, resp. štvrťroka a zotrvávajúci tam až do nasledujúceho mesiaca, resp. štvrťroka sa návštevník započíta len raz. Počet prenocovaní sa započíta podľa skutočného prenocovania návštevníka v príslušnom období.

Mesačný výkaz o činnosti ubytovacieho zariadenia sa predkladá za ubytovacie zariadenia cestovného ruchu zapísané do registra ubytovacích zariadení Štatistického úradu SR.

Publikácia poskytuje prehľad o ubytovacích zariadeniach za Slovensko a za kraje podľa druhu zariadení. V tabuľkách sa uvádza stav kapacitných ukazovateľov za celoročné a sezónne zariadenia a kumulatívne údaje výkonových ukazovateľov za príslušné mesiace, prípadne štvrťroky.

Informácie za okresy sú k dispozícii na oddelení informačného servisu ŠÚ SR a príslušných pracoviskách ŠÚ SR.

METHODOLOGICAL NOTES

Statistics of accommodation services covers data on capacity and performances of tourism accommodation establishments.

Accommodation establishment is an establishment, which regularly or occasionally provides temporary accommodation to tourists. Only holiday dwellings or camping sites as a whole are included in accommodation establishments, the individual cottages, cabins and tents of provider are excluded.

Visitor refers to each person (excluding staff and owner) using services of establishment for temporary accommodation regardless the country of permanent residence including children. Visitors are classified by their permanent residence as foreign and domestic visitors.

Visitor uses the accommodation services for the purposes of holiday, recreation, business, participation in sports meeting, training and courses, symposia, stays in health-resorts, visits to friends and relatives, participation in religion events, etc. Children outdoor schooling, children summer and winter holiday camps are also included. Domestic and foreign employees working in Slovakia using the accommodation establishment temporarily as a hostel are not considered to be visitors. (A person staying or intending to stay for more than a year in a given place is considered to be a resident of that place and therefore not to be a visitor from the point of view of tourism statistics.) The period of temporary accommodation should not exceed one year.

In enterprise recreational establishments every person using the accommodation services due to upper mentioned reasons is included into the number of visitors (besides staff); i.e. own employees of enterprise, their family members and persons without relation to the enterprise regardless the way of reimbursement for accommodation.

Visitors being accommodated in accommodation establishments at the end of reference month or quarter and remaining there till the next month or quarter are included in the number of visitors only once. The number of nights spent is counted by the actual overnights of visitor in the reference period.

The monthly questionnaire of accommodation establishment activity refers to accommodation establishments registered in the Register of accommodation establishments managed by Statistical Office of the Slovak Republic.

The publication provides an overview of accommodation establishments in the Slovak Republic and in regions in breakdown by type of establishments. The tables cover the latest state of capacity indicators for all year round and seasonal establishments and performances cumulative data for the particular months or quarters.

The information about districts is available on demand at the Department of Information Service and on the Regional Offices.
