Part 1

Academic promotion system in Visegrad countries

1. Academic promotion system and scholars' success indicators in the Czech Republic – <i>Vojtěch Spáčil</i>	13
1.1. Introduction	13
1.2. Czech Academic Promotion System	14
1.3. The Assessment of Scientific Performance	18
1.4. Conclusion	23
2. Scientific advancement in the field of business studies and academic promotion system in Hungary – <i>Erzsébet Hetesi, Szabolcs Prónay</i>	25
2.1. The historical precedents and specificities of Hungarian scientific advancement	25
2.2. The specificities of today's Hungarian higher educational structure and doctoral trainings	28
2.2.1. The Hungarian PhD system	29
2.2.1.1. The usefulness of PhD training in Hungary	31
2.2.1.2. The Hungarian specificities of doctoral training	32
2.2.1.3. The PhD degree awarding procedure	34
2.2.2. Career opportunities for people with a PhD degree in Hungary	35
3. Academic promotion system and scholars' success indicators in Poland – <i>Anna Ligia Wieczorek</i>	39
3.1. Introduction	39
3.2. The Polish academic promotion system: yesterday and today	40
3.2.1. Promotional requirements concerning prospective doctors	40
3.2.2. Professional requirements concerning prospective habilitated doctors	42

3.3. System transformation from the perspective of Polish academic society	
– qualitative study results	44
3.3.1. Respondents’ characteristics	44
3.3.2. Respondents’ views on the system transformation	46
3.4. Discussion of the study results and recommendations	48
3.5. Conclusions	51
4. Academic promotion system and academic success indicators in Slovakia	
– <i>Eva Hvizdová</i>	53
4.1. Introduction	53
4.2. Universities in Slovakia – their nature and fundamentals	55
4.2.1. Academic promotion system in Slovakia	58
4.2.2. Scientific – pedagogical titles “associate professor” and “professor”	60
4.3. Bibliometric analysis and evaluation of the quality of college scientific output in Slovakia	62
4.4. Bibliometric evaluation in Slovakia	68
4.5. Conclusions	73

Part 2

The young business scholars embedded in Visegrad academia – the perspective of field research

5. Factors evoking research productivity of young scholars. Explorative study	
– <i>Anna Ligia Wieczorek</i>	77
5.1. Introduction	77
5.2. Research approach and respondents’ description	78
5.3. Factors evoking research productivity of young scholars	
– explorative study results	80
5.3.1. Research abilities	80
5.3.2. Academic networking	81
5.3.3. Generational clash	83
5.3.4. Academic writing skills	84
5.3.5. English language skills	85
5.3.6. Time allocated to research	85
5.3.7. Personality factors	86
5.4. Discussion of study results and practical implications	87
5.5. Limitations of the study and suggestions for further research	90

6. Research – related competences and other personal features of young scholars	
from Visegrad countries – Eva Hvizdová, Marta Pavliková	91
6.1. Introduction.....	91
6.2. Personal and scientific-research competences of young scholars from the Visegrad countries	93
6.3. Country differences.....	96
6.4. Gender differences.....	100
6.5. Age differences.....	101
6.6. Position differences.....	104
6.7. Conclusion	106
7. Organizational issues surrounding activities of young scholars	
from Visegrad countries – Vojtěch Spáčil.....	109
7.1. Introduction.....	109
7.2. Measured statements	112
7.3. General findings.....	113
7.4. Country differences.....	115
7.5. Gender differences.....	119
7.6. Age differences.....	121
7.7. Academic position differences.....	124
7.8. Employment differences.....	127
7.9. Differences in publication in ISI journals.....	129
7.10. Research results discussion and implications.....	130
8. The participation of young Visegrad scholars in academic networking	
– Maciej Mitrega.....	135
8.1. Introduction.....	135
8.2. Networking of young V4 scholars in the light of the survey results	136
8.2.1. Country differences.....	140
8.2.2. Gender differences.....	142
8.2.3. Age differences.....	143
8.2.4. Position differences.....	145
8.2.5. Salary differences	147
8.2.6. Teaching differences (course number)	149
8.2.7. Teaching differences (teaching hours).....	150
8.3. Research results discussion and implications.....	153

9. Scientific activities and performance of young business scholars	
in Visegrad countries – Erzsébet Hetesi, Szabolcs Prónay	155
9.1. Overview of scientific performance.....	155
9.2. Publications in scientific journals	161
9.2.1. Publications in ISI Journals	164
9.2.2. Intentions regarding international publication activity.....	167
9.3. Publications in the past 2 years.....	169
9.4. Government grants	172
9.5. Membership in journal editorial boards	176
9.6. Summary – The scientific activities of young scholars of the Visegrad Group	177
Bibliography	181
Annex	191
Survey questionnaire	193
Basic information about the authors	198
Basic information about Visegrad Fund	201
